

Technical Description

Product: Syringe

Mechanical dimension

Material:	Plastic, PP
Sterilization	Ethylene oxide
Needle dimension	2.2mm
Weight	0.15g
Coating	Parylene

Electrical characteristics

Chip type	EM4105, Hitag S,
Operating frequency	134.2KHz, 13.56MHz

Operating temperature	-25 °C ~ 85 °C
Storage temperature	-40 °C ~ 125 °C
ESD voltage immunity	+/- 2Kv peak
Memory storage	>10yrs, according to chip specifications
